

# Marilyn Sherman

Keynote Speaker & Author

## How are you handling Change?

Imagine if your employees faced change with a victor and not a victim mentality...

Imagine if you eliminated all unnecessary conflict so your team produced more results with less stress and drama...

Bring Marilyn Sherman to your company or association to present one or more of her dynamic programs, and you won't have to imagine, you will see for yourself.

**As a result of hearing Marilyn speak, people have the courage to make tough decisions, take action on their goals, and have the confidence to handle change with a mindset of success.**

If you want your people to:

- Have more courage to face change with optimism
- Have more skills to navigate through conflict
- Have more hope to stretch in order to achieve more results

...then a program by Marilyn Sherman is what you want.

*Choose from these popular topics:*

*Who Moved my Comfort Zone? How to Stay positive when change happens to you* People are having their comfort zone stretched like never before. In this time of constant change, Marilyn provides tools on navigating change with the right mindset. **Focus:** vision, mindset, language and behavior associated with winning the game of navigating change.

*Why Settle for the Balcony? How to get a Front-Row Seat in Life!* The ultimate motivational speech about hope, courage, persistence, and the importance of attitude. This inspiring keynote is packed with practical tools to getting the most out of life. **Focus:** Overcoming excuses, being persistent with goals, acting on your vision.

*Communicating for Results: from Conflict to Cooperation* This content-rich workshop gives people the tools to reduce conflict and achieve more results through better communication skills. **Focus:** Confrontation skills, communicating with confidence and composure.
